ALPHA SC-Z SPORTS COVER

KEY FEATURES & BENEFITS

- ✔ Central locking from vehicle's FOB
- ✔ Carpet lined headliner
- ✔ 6-point non-drill clamp fitting
- ✔ Titanium coloured side fins
- ✔ Automatic LED interior light
- ✔ Stainless steel hardware
- ✔ Smooth opening/closing
- ✔ Fully weather resistant
- ✔ Dupont matched paint finish

SPORTY STYLE

A super stylish design with spoiler and dynamic side fin detailing, the feature packed Alpha SC-Z sports tonneau cover is a perennial best-selling upgrade. Its powerful gas struts ensure easy lift-up lid action and the clamp fitting system means that no drilling is required.

AEROKLAS LEISURE CANOPY

THE ADVENTURE STARTS HERE

The high standard specification and exceptional build quality mean the Aeroklas leisure canopy is ideal for a wide variety of uses. Make the most of your pickup adventures with this feature packed and durable twin-skinned ABS shell hardtop, which comes with dark tinted pop-out tinted windows.

KEY FEATURES & BENEFITS

- ✔ E-tronic central locking
- ✔ Dark tinted side glass
- ✔ Heated rear window with defroster
- ✔ Extremely lightweight
- ✔ LED interior light
- ✔ Jet washable interior
- ✔ Reinforced fibreglass construction
- ✔ Non-drill fitting system
- ✔ Sliding bulkhead window
- ✔ Pop-out side windows

AEROKLAS COMMERCIAL CANOPY

KEY FEATURES & BENEFITS

- ✔ E-tronic central locking
- ✔ Dark tinted rear glass
- ✔ Heated rear window with defroster
- ✔ Extremely lightweight
- ✔ LED interior light
- ✔ Jet washable interior
- ✔ ABS double shell technology
- ✔ Non-drill fitting system
- ✔ Sliding bulkhead window

BUILT TO SERVE

Designed and built for the commercial market, this hard-working canopy features solid sides for enhanced security. The double skin ABS shell guarantees strength and weatherproofing. Its long list of standard features includes central locking, sliding bulkhead window, heated rear window, dark tinted rear glass and LED light.

PROTOP GULLWING CANOPY

THE PROFESSIONAL'S CHOICE

Developed specifically for commercial, professional and fleet use, the ProTop Gullwing canopy is both a versatile and practical choice. Its gull-wing style side doors offer unrivalled ease of access to both sides of the load bed. Its standard features are central locking, LED light, lift-up side doors and easy non-drill fitting system.

KEY FEATURES & BENEFITS

- ✔ Gullwing lift-up side doors
- ✔ Central locking to all doors
- ✔ Glass or solid rear door
- ✔ LED interior light
- ✔ Carpet lined interior
- ✔ Reinforced fibreglass construction
- ✔ Stainless steel hardware

TOMAHAWK CANOPY

KEY FEATURES & BENEFITS

- ✔ Manufactured from sheet aluminium
- ✔ Automotive 5058-grade alloy
- ✔ Total black-out security glass
- ✔ Side access gullwing design
- ✔ Black rhino-coated finish
- ✔ Roof tracks installed as standard
- ✔ No wiring involved
- ✔ Roof rated at 400kgs of static load
- ✔ Jet washable interior
- ✔ 10-year structural warranty

PERFECT FOR OUTDOORS

The Tomahawk Adventure is engineered from precision laser-cut, punched, and folded aluminum, fusion welded for exceptional strength. Its fully tinted privacy glass offers both style and discretion, while its impressive load capacity of up to 400kg makes it perfect for supporting rooftop tents or other heavy gear. With a rugged black Rhino-coated finish, it not only performs but also stands out.

PREDATOR 5 PIECE SNUG LINER

INNOVATIVE DESIGN

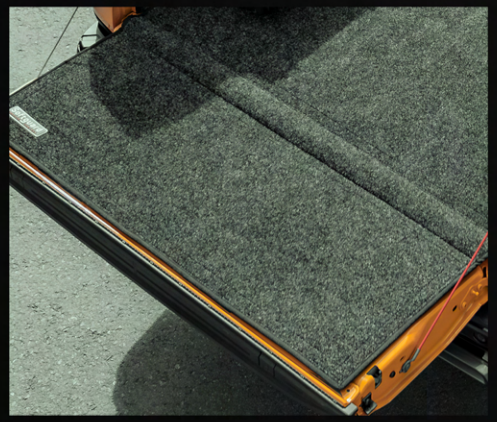

The Snug Liner is an innovative under-rail bed liner. Its unique five-piece design, precision moulded to the contours of the truck bed, allows for a snug, neat fit. Non-slip properties, an attractive finish and incredible durability, the Snug Liner offers superior protection for the entire load area while preserving access to the truck bed's tie-down hooks.

KEY FEATURES & BENEFITS

- ✔ 5-piece sectional kit
- ✔ Seamless, snap-fit installation
- ✔ Unique non-skid flooring
- ✔ UV, chemical and oil-resistant
- ✔ Access to factory tie hooks
- ✔ Packed into a single box
- ✔ Compatible with covers
- ✔ Durable TPE construction
- ✔ No drilling required

SOFTGUARD BED LINER

KEY FEATURES & BENEFITS

- ✔ Great comfort for dogs
- ✔ Eliminates the tailgate gap
- ✔ Fully jet-washable
- ✔ Anti-skid surface prevents cargo sliding
- ✔ Handles heavy cargo
- ✔ Waterproof and stain resistant
- ✔ Simple to install using velcro tape
- ✔ Cushioned floor for comfort
- ✔ Prevents dents and scratches
- ✔ Affordable bed protection

CANINE COMFORT AND CARGO PROTECTION

This carpet-style bed liner is ideal for dog owners. Its cushioned floor provides guaranteed comfort for your pet, while the durable construction is built to withstand heavy loads. It's also waterproof and jet-washable, making maintenance a breeze. Additionally, it features a tailgate bridge that prevents your dog's paws from getting caught in the tailgate.

RETRACTABLE ROLLER SHUTTERS

ELECTRIC AND MANUAL ROLLER SHUTTERS

A popular and practical aftermarket addition, roller shutters are fully lockable to help safeguard tools and equipment. Whether electric or manual option, a roller shutter looks great and is both weather-resistant and attack-resistant, helping to protect cargo. The stylish and timeless design is packed full of features, with quick and easy installation.

AERO WING ADJUSTABLE CROSS BARS

UPGRADE YOUR ROLLER SHUTTER

These heavy-duty ProTop cross bars provide a practical upgrade for the top of your roller shutter. Available in silver or black with aero wing design, they boast a whopping 120kg load rating and are effortlessly adjustable. Compatible with the Mountain Top EVO series, Aeroklas electric and manual, and Ford OE electric roller shutters.

PREDATOR ELECTRIC ROLL TOP

THE ULTIMATE ELECTRIC ROLLER SHUTTER

The Predator E-Roll is one of the most affordable electric roller shutters on the market, offering a perfect blend of security, style, and functionality. It features robust interlocking alloy slats for enhanced protection, an anti-trap function for added safety, and a watertight design to withstand the elements. Additionally, the built-in automatic LED bed light makes it ideal for working pickup trucks, providing convenience and visibility.

KEKO TONNEAU COVER

SOFT ROLL–UP WITH A SMART FINISH

Our soft roll-up tonneau cover offers great looks for great value and is both easy to use and install. Designed specifically to fit in conjunction with the factory fitted sports bar, it is simple and fast to both open and close. It has a smart and super taut wrinkle free finish, resembling a solid cover, and is manufactured from durable and reinforced leatherette vinyl.

PROTOP RHINO SLIDING TRAY

PERFECT FOR CARGO HANDLING

- ✔ Impressive 300kg load capacity - allows for heavy cargo
- ✔ Multiple locking positions - for safety and convenience
- ✔ Anti-slip deck surface - preventing cargo from moving around
- ✔ Tie-down points - allows you to keep heavy cargo safe and secure
- ✔ Twin cable handle - designed to be operated with minimal effort

PROTOP ALLOY SLIDING TRAY

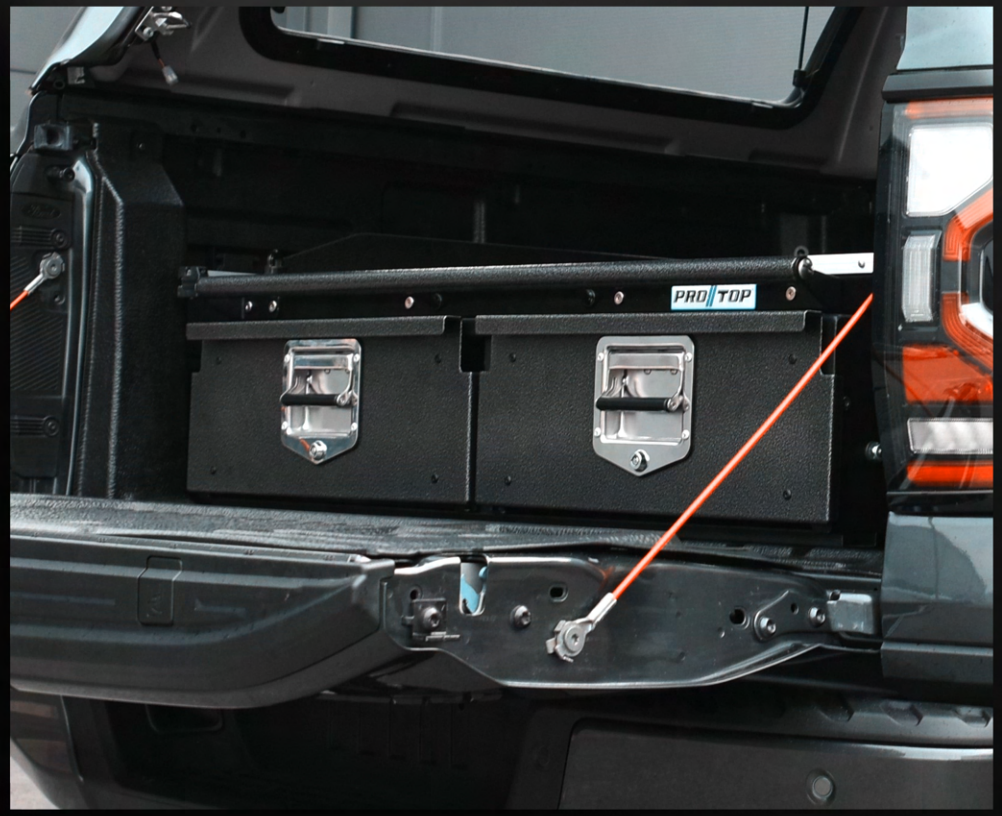

EFFORTLESS ACCESS TO CARGO

Effortlessly organise and access your load bed cargo with a ProTop sliding tray. No more climbing or reaching over into the back of the pickup to load and unload heavy or cumbersome cargo. Choose from a non-slip rubber or alloy surface; both are sturdy, extendable, and easy to install. With their impressive 300kg load carrying capacity, 6 tie-down points and durable finish, they combine convenience, practicality and efficiency.

PROTOP TWIN DRAWERS WITH SLIDING TRAY

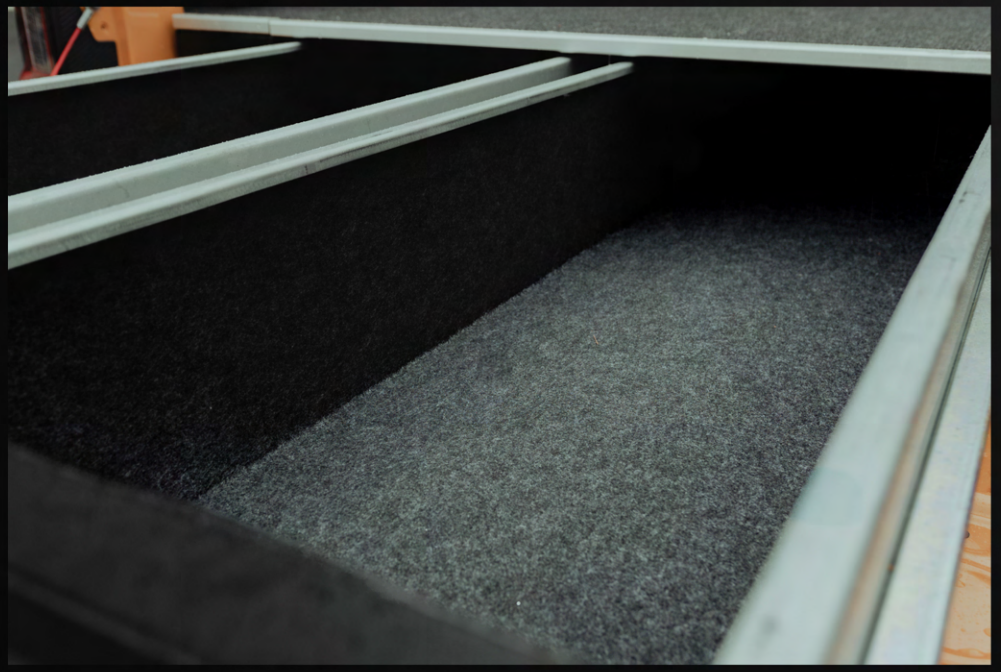

This innovative heavy-duty storage and cargo management solution from ProTop provides two full load bed length lockable drawers below a full-size sliding tray. The two drawers and the sliding tray have a 100kg carrying capacity each! This comprehensive storage system helps ensure there is no loose cargo in the load bed, any valuable cargo can be kept under lock and key and it puts an end to reaching or crawling to access items in the back of your Ranger.

AEROKLAS FULL-LENGTH DRAWERS

This easy-to-fit, heavy-duty drawer system is tailored to fit the Ranger perfectly and being manufactured by Aeroklas means quality is assured. This bespoke storage system has galvanised lined interior metal drawers and steel frame construction. The twin, full-length drawers are lockable for added security with positive latching in the closed position. The flat surface above the drawers provides a flat, durable and elevated carpeted surface with hidden side access panels.

SPORT WHEEL ARCHES

WIDER, MORE AGGRESSIVE STANCE

- With or without park assist, pre-cut holes for sensors
- Available in all OE factory colours or matte black
- Allows the fitment of larger wheels and tyres
- Providing an additional circa. 50mm of tyre coverage
- Allows you to keep the OE mud flaps

STYLISH WHEEL ARCH KIT

STYLISH BY NAME AND NATURE

These sleek, smooth, boltless design wheel arch extensions for the Ranger Wildtrak are available in OE factory colours or matt black, for vehicles with/without parking sensors. They are simple to fit, with no drilling required and provide circa. 40mm of additional tyre coverage, should you opt for bigger wheels and tyres.

PREDATOR PANTHERA ALLOYS

ULTRA-WIDE OFFSET

Your new wider arches deserve bigger wheels! Ensure your Ranger reaches its full potential with a set of formidable Predator Panthera alloy wheels. These alloys feature an impressively wide offset, hence requiring a wheel arch kit. Boasting a remarkable load rating of 1,250 kilograms per wheel, these strong and durable multi-spoke design alloys are exclusively crafted for the Ford Ranger.

PREDATOR ICONIC ALLOYS

AN ICON IN WHEEL UPGRADES

The Predator iconic; imposing multi-spoked design matt black alloy wheels. These coveted iconic alloys feature an ‘XD’ wide offset; so, for those wanting to add a more aggressive stance their Ranger, they tick every single box. Should you choose this iconic upgrade, the increased track width and offset they provide does mean that arch extensions are required.

PREDATOR X LAZER ROOF LIGHT POD

THE MOST POWERFUL LIGHT POD

Illuminate your on-and-off road adventures with this Lazer Lights LED x Predator Roof Light Pod Integration for the Ford Ranger. Available in various colours, the four Elite Lazer Lamps LEDs provide exceptional visibility, enhancing safety and style. Perfectly integrated for a sleek look, this premium quality upgrade is a must-have for any Ford Ranger!

KEY FEATURES & BENEFITS

- ✔ Uses Lazer's most powerful 6” lights
- ✔ Designed and manufactured in the UK
- ✔ Available in various colours
- ✔ Output of 16,200 lumens
- ✔ Perfect and stylish integration
- ✔ Built to withstand tough conditions
- ✔ Sleek low-profile design
- ✔ Exceptional LED illumination
- ✔ Safer night-time driving
- ✔ 5 year warranty on Lazer Lamps

TRIPLE 9" SENTINELS

KEY FEATURES & BENEFITS

- ✔ Output of up to 45,696 lumens
- ✔ Uses Lazer 9" Elite Sentinels
- ✔ Black powder-coated mounting bar
- ✔ Options with or without DRLs
- ✔ Designed and manufactured in the UK
- ✔ High-performance LEDs
- ✔ Ultra-powerful illumination
- ✔ Custom-fit, Ford Ranger specific
- ✔ 5 year warranty on Lazer Lamps

HIGH PERFORMANCE SPOTLIGHTS

The ultimate solution for your lighting needs. This sleek and stylish Lazer Lamps integration is designed to make a bold statement while delivering exceptional performance. With its unique styling, ultra performance, custom fit integration, and black powder coated finish, it's the perfect accessory for any adventure seeker or off-road enthusiast.

LAZER LAMPS TRIPLE-R 850

LAZER LAMPS GRILLE INTEGRATION KIT

For an OE-quality auxiliary spotlight installation, the Lazer Triple-R 850 offers custom-designed mounting brackets that are mounted to the front grille of the next-gen Ford Ranger. These kits are exceptionally powerful, with the Elite version delivering up to 16,136 lumens, providing superior lighting performance and a sleek, integrated look.

NIGHT HAWK LED GRILLE

EXPERIENCE THE POWER OF CUSTOMISATION

The Predator Night Hawk LED grille is not just an accessory, it's a statement of style that will set your vehicle apart. This grille features a dynamic sweeping start-up sequence that's sure to leave a lasting impression. It also includes DRLs that give your Ford Ranger a striking appearance. It's a fantastic styling upgrade.

70MM STEELER SPOILER BAR

STYLISH SPOILER BAR WITH AXLE BARS

- ✔️ 70mm black powder-coated stainless steel tubing for durability
- ✔️ EC certified and crash-tested for full road legality in Europe
- ✔️ Handcrafted large-diameter tubing for a rugged, aggressive look
- ✔️ Protects the front of your Ford Ranger from minor collisions and impacts
- ✔️ Easy DIY installation with complete fittings and instructions

76MM CITY SPOILER BAR

LOW PROFILE SPOILER BAR

- ✔️ 76mm black powder-coated stainless steel tubing for durability
- ✔️ Made from high-quality marine-grade T304 stainless steel
- ✔️ Durable satin black finish for a sleek, stylish appearance
- ✔️ Provides subtle front-end protection
- ✔️ Corrosion-resistant for durability in all conditions

FULL WIDTH BONNET SCOOP

TAKE CUSTOMISATION TO THE NEXT LEVEL

This full-width scoop, custom-made to fit your Ranger, blends seamlessly with your vehicle's style, offering a menacing look that sets your truck apart. Made from high-quality ABS composite, it features a two-tone finish combining factory-matched body colours and matte black detailing. this bonnet scoop is also compatible with bonnet guards.

BONNET SCOOP WITH VENTS

COLOUR MATCHED BONNET SCOOP

- ✔️ Two-tone colour options: body colour and matte black accents
- ✔️ Adds a bold, aggressive look to your Ranger's front end
- ✔️ Factory-matched paint colours for a seamless, customised finish
- ✔️ Compatible with bonnet guards for added protections
- ✔️ Made from high-quality composite ABS
- ✔️ Quick 30-minute installation using 3M tape

BONNET PROTECTOR

AN EASY–TO–FIT, MUST–HAVE ACCESSORY

- ✔ Choice of dark smoke or matt black finishes
- ✔ Made from high-quality acrylic – durable and UV resistant
- ✔ Angled design – helps deflects stones, debris and insects
- ✔ Easy 20 minutes clip-and-go installation - no drilling needed
- ✔ Cost-effective vehicle protection and styling - combined

TINTED WIND DEFLECTORS

IMPROVE CABIN COMFORT

- ✔ Helps prevent wind and rain coming in through open windows
- ✔ Aerodynamic design – helps to reduce drag and wind noise
- ✔ Maximises fresh air circulation – while keeping out the elements
- ✔ Dark-tinted – helps reduce unwanted sun glare coming into the cab
- ✔ Quick and easy stick-on installation - no tools are required

HEADLIGHT COVERS

ACCENTUATED HEADLIGHT STYLING

- ✔️ Stylish upgrade - Available in matt or gloss black
- ✔️ Quality injection ABS composite ensures durability
- ✔️ Quick and easy installation using 3M tape
- ✔️ Enhances the vehicle's de-chromed look
- ✔️ Accentuates the C-shape front DRLs

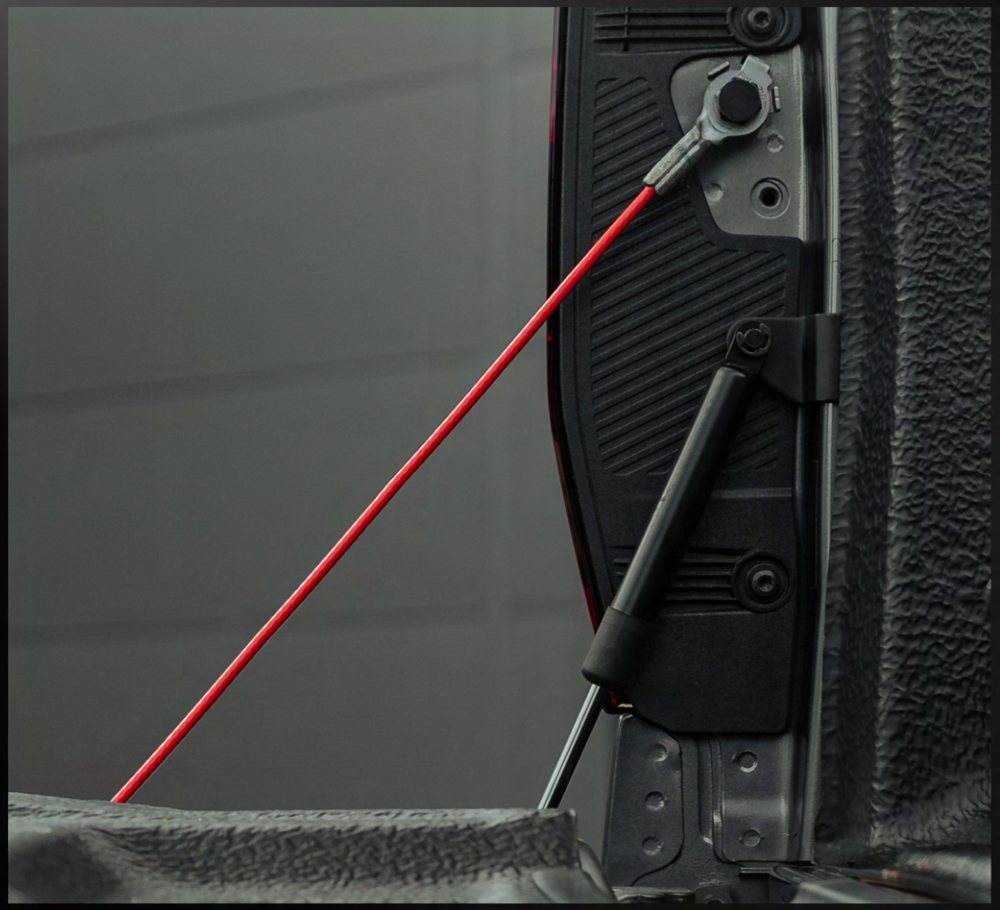

REAR LIGHT COVERS

ACCENTUATED REAR LIGHT STYLING

- ✔️ Stylish upgrade - Available in matt or gloss black
- ✔️ Quality injection ABS composite ensures durability
- ✔️ Quick and easy installation using 3M tape
- ✔️ Enhances the vehicle's de-chromed look
- ✔️ Accentuates and compliments the rear lights

TAILGATE DAMPER KIT

CONTROLLED TAILGATE OPENING

Tailgate damper kits are an essential yet cost-effective accessory. They allow for controlled, one-handed truck bed access. Tailgate damper kits help control the opening, absorb the stress of the action on the hinges and ensure a slow lowering rather than a slam. A useful safety enhancement as well as a significant upgrade in vehicle convenience.

TAILGATE SEAL DEFENCE KIT

KEEP YOUR TAILGATE DRY

This defence kit features a 3-piece design, including two upright supports and a lower tailgate seal, all made from durable neoprene rubber. By forming a protective barrier, it effectively prevents rain, dust, and debris from entering through the tailgate, helping to keep the load bed clean and dry. The kit's precise fit ensures a snug and secure installation.

WATERPROOF SEAT COVERS

KEEP YOUR SEATS LOOKING LIKE NEW

- ✔️ Tailored fit front and rear seat covers
- ✔️ 100% waterproof - durable and specifically tailored by model
- ✔️ Suitable for models with side airbags and heated seats
- ✔️ Rear armrest is still useable (not compatible with ISOFIX)
- ✔️ Cost-effective interior protection

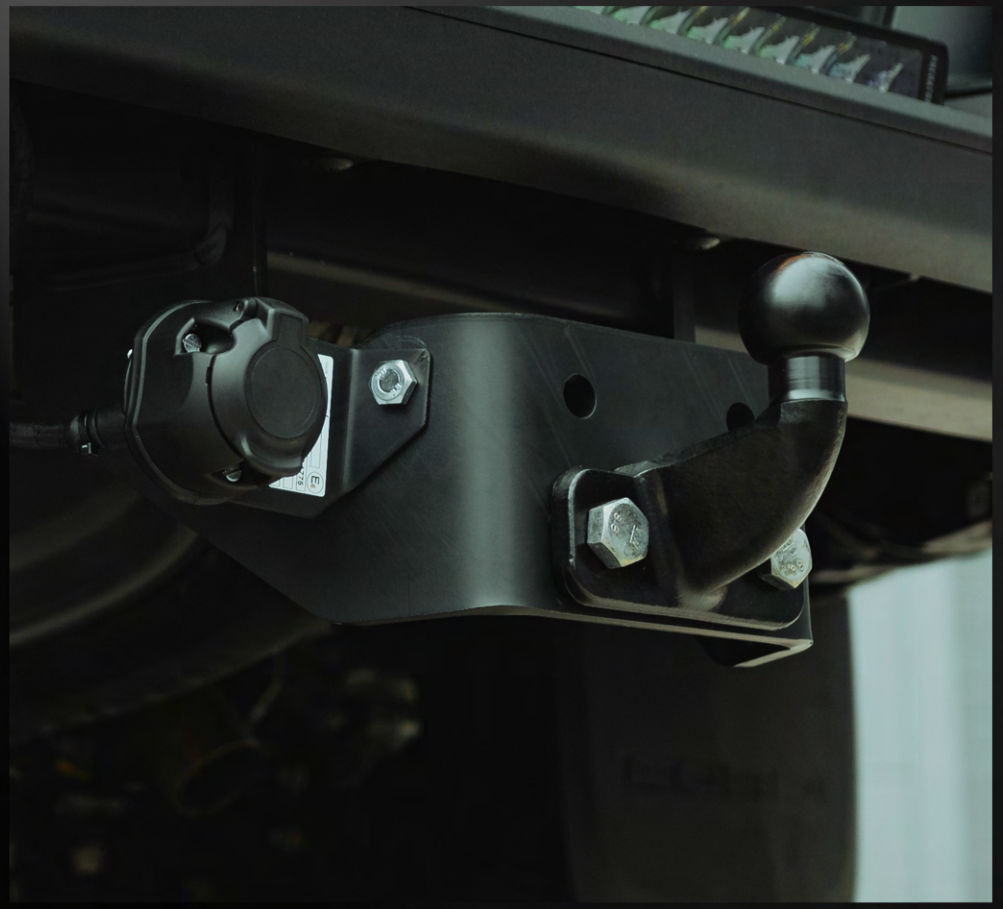

3D TRAY STYLE FLOOR MATS

ULTI-MATS: FULL SET FOR FRONT AND REAR

- ✔️ 3D moulded extra-deep lipped tray
- ✔️ Digitised design and precision-measured for the ultimate fit
- ✔️ Repels stains and impervious to liquids
- ✔️ Anti-skid backing with reinforced driver's heel pad
- ✔️ Triple layer composite for durability and protection

HEAVY DUTY TOW BAR

PERFECT FOR REGULAR TOWING

- ✔️ 3500kg load rating - with tow ball included
- ✔️ Adjustable tow ball height - two different positions
- ✔️ Easy to install - fits directly to the vehicle chassis
- ✔️ Heavy-duty, fixed flange tow bar - designed for regular use
- ✔️ Plated and homologated for European use

13–PIN TOWING ELECTRICS

13–PIN PLUG N PLAY

- ✔️ 13 pin towing electrics kit
- ✔️ Easy ‘plug and play’ installation
- ✔️ No hard wiring required
- ✔️ Connects directly to the vehicle’s OE wiring
- ✔️ Detailed pictorial instructions included

PLATFORM ROOF RACK

ADVENTURE READY ROOF RACK

- ✔️ Mounts directly to existing roof rails (available for models without factory roof rails)
- ✔️ Durable, lightweight alloy construction with a black Raptor finish
- ✔️ Available with or without side rails for added flexibility
- ✔️ Top-mounted LED auxiliary light mountings included
- ✔️ Corrosion-resistant finish for long-lasting durability

PLATFORM RACK FOR ROLL TOPS

THE ULTIMATE CARGO CARRYING SOLUTION

- ✔️ Compatible with most roll tops, offering flexibility and versatility
- ✔️ Made from lightweight aluminium extrusion with reinforced nylon corners
- ✔️ Top-mounted LED light bar/cube fixing points included as standard
- ✔️ Corrosion-resistant finish for long-lasting durability
- ✔️ Rated to carry up to 120kgs while keeping the load bed free

CROSS BARS FOR ROOF RAILS

IDEAL FOR FREQUENT LOADING AND UNLOADING

- ✔ High-quality aluminium, with 60kgs static load rating
- ✔ Locks securely to each side of the existing factory-fitted roof rails
- ✔ Easy clamp-on installation – with choice of silver or black finish
- ✔ Excellent aerodynamics, which helps minimise wind noise
- ✔ Ideal for frequent users - no need to remove when not in use

SWING CASE TOOL BOX

NEAT, FORM-FITTING SECURE STORAGE

Keep your tools within arm's reach without sacrificing truck bed space. Swing it 180° over your tailgate for easy access, and lock it securely with the twist-lock mechanism. Installation is a breeze with 6 self-tapping screws, and it's completely portable for on-the-go convenience.
