## BEDRUG & ROOF ACCESSORIES

### BEDRUG LOAD BED LINER

The bedrug liner is comprised of a very tough stain resilient closed cell foam that is waterproof to provide durability and ease of pressure washer cleaning.

- Designed for the Isuzu D-Max
- Rugged design helps handling heavy cargo
- Ultra durable finish
- Comfortable knee friendly cushioned floor
- Anti-skid surface prevents cargo from shifting
- Engineered for exterior use
- Easily cleaned with just water
- Closed cell ultra-thick base

The bedrug installs in approximately 30 minutes using basic hand tools along with hook and loop install fasteners that are provided with the system.

SKU: IACC1860A

### ROOF CROSS BAR SET

These roof rack cross bars are designed specifically to fit the Isuzu D-Max. Perfectly designed for mounting bike carriers, cargo boxes and other rooftop accessories.

- Designed to fit across a truck tops roof rails
- Made from high grade lightweight aluminium
- Inset rubber strip for added grip
- Lock on system ensures a secure fixing
- Simple to install
- Suitable for Aeroklas, Carryboy and SMM tops fitted with roof rails
- Stylish and durable

Simple installation, no drilling is required takes no longer than 5 minutes to install.

Made from high grade lightweight aluminium which has a silvery satin finish.

SKU: IACC1660A

### ROOF RAIL BARS

The rails are TUV approved ensuring safety, quality and carrying capacity are tested to the highest standards. These roof rails are lightweight, practical and stylish.

- Maximum load capacity of up to 65kg
- 55mm will be added to the vehicle height
- Simple to install
- Stylish and durable
- Non drill fitment takes no time
- Supplied as a pair

Please note roof rails can only be models fitted to Eiger & Yukon double cab and are not suitable for base model D-Max.

These roof rails are capable of carrying up to 65kg capacity.
