ROLL-N-LOCK TONNEAU

The Roll-N-Lock is weatherproof, reduces fuel consumption by reducing the amount of drag caused by the vertical tailgate. Security is assured using twin locking points that prevent the truck's tailgate from being opened when the roll top is locked, providing class leading security.

Roll N Lock retracts all the way to the truck cab giving you total access to the truck bed, and has three pre-set opening positions. The Roll N Locks roller lid can be fully closed, open one third, open two thirds, or fully open.

Key Features & Benefits:

- The contoured, patented hinge design provides smooth, frictionless rotation, minimizing stress on the surface
- Drain fittings ensure rapid and complete drainage
- Four-point locking system provides instant security
- Torsion spring equipped & unique construction
- Class leading quality and security
- Seamless exterior finish
- Choice of sports styling bar options
- Three pre-set rest positions
- 3 year product warranty
- Built in four-point locking system
- Easy fit with pictorial instruction guide
